Mr. Carl Weekley, Jr.
City Landscape Coordinator
City of Key West
Post Office Box 1409
Key West, Florida 33041

Dear Mr. Weekley:

Thank you for your recent request to amend the Program of Utilization (POU) for McCoy Indigenous Park, a former Federal surplus real property.

Because the wildlife pond and bird and butterfly garden will complement the existing native vegetation garden, we concur with your request. We have amended your POU to reflect the addition of the pond and garden. Thank you for bringing this matter to our attention.

Sincerely,

Wallace H. Jones
Acting Chief
Planning and Federal
Programs Division
Southeast Region

Mrs. William R. Ford
1227 Washington Street
Key West, Florida 33040

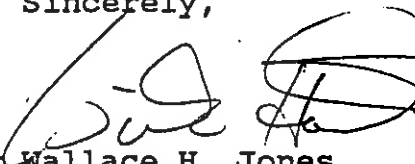

Dear Mrs. Ford:

Thank you for your recent telephone call regarding Indigenous Park, a former Federal surplus real property.

The original Program of Utilization (POU) was amended in 1975 to include passive park facilities and native plantings. The main elements of the POU are picknicking, landscaping with native plants, pavilion, and support facilities. The POU has been further amended to include a small wildlife pond and bird and butterfly garden. Most of the park development has been completed, and we understand that the city of Key West is requesting donated funds to complete the remaining items.

We are pleased to learn about your interest in raising donated funds to assist with the development of the pond and garden. We hope the information we have provided is helpful with your fundraising efforts. If you have any questions, please contact Mr. Bill Huie at 404-331-5838.

Sincerely,

for Wallace H. Jones
Acting Chief,
Planning and Federal
Programs Division
Southeast Region
